

# CUB JOURNALISTS' EDITION

## The Polygram

Next Friday night is the Annual Barn Dance held in the hay loft—Come and support the Ays.

This edition written exclusively by the first year class in journalism—Is it a good one?

Volume XIII

SAN LUIS OBISPO, APRIL 20, 1928.

Number 15

### Glen-Mont Makes Successful Flight

Speed of 140 Miles Per Hour Attained as Ship Soars Through Air.

Monday afternoon, about 4:15, the Glen-Mont went up for the second time. Everyone present commented on the pretty take-off and landing. On the first flight Bob Hubler went up with the two instructors, while Monday, "Baldy" Brommer was the only one.

Weeks of patient waiting by the students were ended when the Glen-Mont took off on its initial flight Sunday, March 27th.

The greater part of the student body gathered out at the flying field about 4 o'clock. After waiting in a raw, biting wind, the crowd saw "Baldy" Brommer take hold of the propeller. The motor was so cold it did not start at once, Baldy and Bob Hubler took turns at whirling the propeller until finally Hubler started it up. After warming up the motor, Mr. Warren and Mr. Montijo got in and circled around in a circle, then brought up facing the wind.

Monty opened up the throttle and the Glen-Mont seemed to shiver, as if anxious to be, then started on the take-off. After a short run of about 100 yards the plane took off.

A short flight was made to the edge of town, then Monty circled around and reached a speed of 140 miles per hour without forcing the ship. A fine three point landing was made, the plane gliding down gracefully, then coming to a stop after a short run.

The whole student body, as well as the boys who built the plane are immensely proud of it, and it has afforded excellent advertising for the school. Two pictures of the plane, one with the Aeronautics class, appeared in the Oakland Tribune on April 5th, and from time to time pictures of the plane under construction have appeared in the various city papers.

The airplane has been flown every day last week, taking up boys from the Aeronautics classes. There is a rumor that passengers will be taken up as yet it has not been verified.

### Bartholomew Speaks At Santa Barbara

The District National Oratorical Contest was held in Santa Barbara Friday evening, March 30, at the First Presbyterian Church. Ray Bartholomew, representing California Polytechnic school, took part in the contest, placing fifth. There were, in all, seven representatives. The names of the schools in order of standing in the contest were: Paso Robles High School, San Luis Obispo High School, Santa Barbara High School, Santa Maria High School, California Polytechnic, Lompoc High School, Atascadero High School. The essays were on the United States Constitution. With the honor of second place, Miss Katherine Krebs of San Luis Obispo High School won a \$15. money prize. Miss Myrtle Cherry of Paso Robles received \$25. for first honors, and Richard Augumaldo of Santa Barbara won \$10. for third.

### Old Dorm Renamed Deuel Hall in Honor Of Captain Deuel

In appreciation of Captain Deuel's eight years of faithful service, the boys of the Dormitory, entire, on their own initiative, drew up and signed the following petition which was presented to Miss Chase and Dr. Randall on Thursday, March 29.

"We, the undersigned, as members of the Dormitory, urge the faculty to consider renaming the big Dormitory 'Deuel Hall.' We sign this as appreciation of our supervisor, Captain J. C. Deuel, who has so squarely supervised the Dorm members and their activities."

So, although Captain Deuel will provide over the new Dormitory next year instead of over the old, he leaves his name behind him to guard the premises over which he has been the loyal and respected mentor for so many years.

### Southern Alumni Enthusiastic Over the Progress of Cal Poly

During Easter vacation, Dr. and Mrs. Crandall attended the meeting of the California Polytechnic Alumni Association of Southern California, held on Saturday, March 31, at Twin Cedar Inn, Los Angeles.

Following a large banquet, beginning at seven p. m., the group of about sixty members were called to order by the chairman, Martin Van Couvering. Mrs. B. R. Crandall was introduced as head of California Polytechnic and her husband, as her assistant.

Election of officers then took place. Herbert Cox, '06, was elected president; Eva Fiedley Snyder, '12, vice-president; Esther Blaginn Dugan, secretary-treasurer.

Mrs. Crandall spoke of the "Glen-Mont's" construction and of its initial flight which greatly enthused the members present.

Dr. Crandall passed out Polygrams and a photograph album containing views of the campus, showing the great progress and all construction work taking place here. He related to the graduates the story of all of the activities of the groups at our campus. His remarks were received by them with much applause. He urged Alumni to ask any questions that they might wish to ask concerning the school. One interesting question, asked by Sophia Huckins Cullivan, was if the Amapola was still in existence. She was the founder of this club, which is, as we know, very much in existence.

J. M. Johnson and Leroy B. Smith of San Luis Obispo, being unable to attend the meeting, sent telegrams of regret which were read there.

### Block "P" Puts On Assembly

Seven Basketball Men Are Rewarded for Work Receive Letters.

The Block "P" Club conducted a well balanced assembly on Wednesday, April 28th.

Dr. Crandall called for the announcements; then turned the meeting over to President Dawson, of the Block "P."

A short dialogue by Lutzow and Demarest got a number of laughs. This was followed by two cornet solos by Orvis Hotchkiss. The first number, Indian Love Call, was well received. Orvis evidently had spent quite a bit of time practicing it, as he played it very well. The second piece, The World is Waiting for the Sunrise, was also very good.

Hazlenurat read an essay on "Athletics Today."

The "Two Black Crows" have rivals in Merwin White and Al Dawson in "A Pair of Hash-Hounds."

Both boys played their parts well, and their wise cracks kept the audience in an uproar.

Presentation of basketball letters followed. Those receiving Block "P's" were: Franklin Funk, William Coffey, Harold Hogue, Everett Johnson, and Merwin White. Captain Hazlenurat and "Pete" Traver received stars, having already earned their letters.

The Junior College Division showed up exceedingly well in this sport, five of the seven men getting Block "P's" were J. C. students.

Klink, also of the College Division, would have earned a Block, the only reason being that he did not turn out early enough in the season to get in full time.

Circle "P's" were awarded to five men, Arthur Lima, Lloyd Bowman, Charles Mallory, Kenneth Klink, and George Truesdale.

These men put in a lot of hard work and they should make varsity squad next year.

Royal Murray received special mention as he stayed out the entire season, while not playing in many games. Murray was a great help to Coach Agosti in taking care of the equipment.

The men getting Block "P's" for the first time were admitted to the Block P Club. Coach Agosti added a few words to the reading by Hazlenurat.

### Cyclone Sally Draws Record Attendance

Play Presented By Dramatics Classes Under Miss Leah Gene Kraemer

"Cyclone Sally," an uproarious comedy in three acts, was presented at the Civic Auditorium Friday night, April 20. The house was packed, having the largest crowd on record this year. From comments overheard, the play was entirely successful. Miss Leah Gene Kraemer directed the play very well, while her dramatics classes put on the best showing of the year.

A brief synopsis of the story follows:

Jack Webster, who has lost his fortune, except the estate at Cedar Point, comes out to Cedar Point with the intention of marrying Sue Bascom for the fortune which he believes she is to inherit. He brings with him an Englishman, Reginald Manners. Jack finds cabbages planted next to his front lawn, and upon investigating, finds that they are grown by Sally Graham, Sue Bascom's half-sister. "Cyclone" Sally poses as Sue Bascom. Jack has quite a lot of competition for "Sue," as Willie Clump comes over to see her very often.

Reggie Manners has fallen in love with Ruth Thatcher, so he lingers about helping Jack Webster on the ranch.

Vivian Vernon, the belle of Cedar Point, conspires with Jack to jail Sally for selling cabbages on the street. Through an error both Jack and Reggie are arrested.

Sally falls heirless to a fortune, her stepfather having made a later will, leaving only five thousand dollars to Sue Bascom and the remainder to Sally Graham and her sister.

Jack Webster proposes to Sally Graham, thinking that she is Sue Bascom. When he learns who he proposed to he is thunderstruck. Later he realizes that he really loves Sally, which brings the play to a pleasing climax.

Al Dawson as Reggie Manners brought many laughs at his idea of American humor. Al Hedstrom as Willie Clump, the worlds eight wonder, brought down the house on his appearance.

The entire membership of the cast performed well and everyone was hearty in their applause and went away well satisfied with the evening's entertainment.

This play was presented by the dramatics classes and is not to be confused with the school play which will be put on at a later date.

### Ag Dance 27th of Month

As the days go by, we come to the greatest night of all, and one looked forward to by all the students. The Ag dance. This dance is to be held in the horse barn, at the upper end of the campus. And the day set for this great doings is April 27, which falls on Friday.

The proper dress for this dance, is as follows: overalls, old shirts, and boots for the boys, and for the girls, long petticoats and gingham dresses, high top shoes and cotton socks. You must bring the buggy and horse in order to get in and be sure to come early as the hitching post will be full before 7:30 o'clock.

The dance will also quit at twelve o'clock, which will give those in horse and buggy time to get home before the sun comes up Saturday morning. The music for this dance will be announced later.

### Morro Plunge Invites Polytechnic Swimmers

Mr. and Mrs. N. E. Wilkins of the Morro Plunge announce that the patronage of Poly students will be appreciated. For parties of ten, the admission is thirty cents each. A season ticket may be had for ten dollars, good for thirty swims. Tub baths can be had for fifty cents. They added that the state law this year requires both men and women bathers wear bathing caps.

Dancing is held on Saturday nights and Sunday afternoons. Admission for dancing is \$1.10.

### Block "P" Will Cavort Among The Hills

The Block "P" Club is going to go on a camping trip Friday, May 11, to last over the week-end. This trip is being planned very elaborately and the initiation of the new members will take place Saturday night at the barbecue that will be held then in order to further fellowship among the club members. All present members, as well as the members of the track and baseball squad who will by that time be members of the club, are invited and expected to attend.

This trip will be the initial step in making the Block "P" Club an organization to boost school athletics and further school spirit. The precedent being set, it will be made an annual occurrence for the club.

The Block "P" Club is the most honorary club that Poly has, and every fellow on the campus is urged to participate in some form of major sport so that in time, he may become a member of the club. Also all club members are urged to take part in all Block "P" activities and meetings to make the organization a bigger, better and make more worth while club.

### Galley Slaves Enjoy Party

Peppiest Klub on the Kampus Entertained at Preuss Home.

The Peppiest Klub on the Kampus, The Galley Slaves, were entertained at a delightful party at the home of Mr. and Mrs. B. R. Preuss, on Thursday evening.

The time was spent in dancing, singing and clever musical numbers in which all participated, making the evening an enjoyable one. Mr. Preuss' home is well equipped with musical instruments, there being five in all. The radio and piano were particularly enjoyed, Phil West, Red Buhman and John Goularte added with their violin and saxophones.

The entire membership of the Galley Slaves was present and all report a pleasant evening.

At eleven o'clock Mrs. Preuss served refreshments to the group. "Eats" were plentiful and consisted of the following dainties: Fruit salad, sandwiches, marshmallows and coffee or chocolate, topped off with cake and ice cream.

The following people were present: Wild West was there, without his chaps, but with his fiddle. Ed Smith with the raven locks, attracted a good deal of attention from the printer's daughter, Virginia. The quiet gentleman was personified by Earl Williams. Joe Wilkins and May Prewer were as noisy as ever and enjoyed themselves immensely throwing wisecracks at each other. Bob's knickers brought many snickers. Carolyn and Handsome Oompaul DeWitt, from Bakersfield by the oil derricks, gargled a few songs. Pauline was present with her ever-ready arguments and baseball pitcher's material. Cupie Cubitt was plenty hot. "Pimle" and Jerry put on some mean stepping. The quiet, dignified lady was Florence Lee. Waldo and John donated a few dance numbers.

Mr. Preuss was there, all 235 pounds of him. If Mr. Preuss was as liberal with his grades as Mrs. Preuss is with the eats, we would always get honor marks. Mr. and Mrs. B. R. Preuss Jr. arrived a little late, but helped out a lot in the Paul Jones.

### Press Club to Have Banquet

The Press Club, consisting of the journalism classes, El Rodeo and Polygram staffs, and the Galley Slaves, will enjoy themselves at a banquet soon. On the evening of the 27th, between the hours of 6 and 8 o'clock, the mighty ink slingers will gather about the round table and partake of choice viands.

The motif of the party is to carry out the El Rodeo motif of this year.

The agriculturists should beware at their barn dance, for the Press Club will descend upon them after their sumptuous banquet.

### Ags Place High In Stock Judging

Dan Gruwell Scores High Point In Aggie Contests

The first tryout in stock and tree judging was held at Gonzales, March 17. The second in Farm Mechanics was held March 31, at Watsonville, in which there were eight teams entered and Polytechnic's team in charge of Mr. Dunning was the only one entering an all-freshman team. This was the State semi-finals, which meant that it has been made possible for Polytechnic representatives to go to Davis to the Davis picnic, an annual affair, at which the State finals will be held.

On April 14, Mr. Selph and Mr. McFarland took teams for Horticulture and stock judging to Hollister, where Mr. Selph's Horticulture team scored second place in the State semi-finals in tree judging. This entitles Mr. Selph to take a team to L. A. in the fall for the state finals. Dan Gruwell was individual high-point man of all the contestants entered. Mr. McFarland's stock team was only in a practice meet, the results of which have not been heard, but it is expected and generally understood that they will place well.

Thursday, April 19, three teams will leave for Davis to compete in stock judging, tree judging and farm mechanics. The boys will also enjoy the Davis picnic, an affair which is looked forward to by all agriculture students. At Davis, the stock-judging team will compete in the semi-finals, the finals of which are to be held at Los Angeles this fall.

### Poly Ann Praised By Former Student

Fred Louis Writes From Chicago About School Work There.

"I just finished reading an issue of the Polygram that my brother sent me, and it certainly did bring back reminiscences of Poly days," writes Fred Louis, Poly graduate of the class of '26, and former business manager of the Polygram, in a letter to Miss Chase. "From the reports in the paper," he continues, "I am pretty well convinced that the school is steadily climbing. I am especially pleased with the Poly Ann Sex feature. Who, may I ask, is this Jerry?"

Fred is very happy and busy at the University of Chicago where he is taking work in Economics, Spanish, English, and Physical Education. "I never realized how much time outside studying was going to take up," he says. For example, in the Spanish course, in three months, they have covered a 125 page grammar, 125 small pages of intensive reading.

In English he has had to write two themes a week, 1800 words.

Despite the studies, however, Fred is getting along well both socially and physically, so he says.

He occasionally sees other former Polyites. Otto Groenvald, for instance, is in Chicago with his sister, and Mason Elder is attending Chicago Tech. Mason lives near Fred.

Fred goes on to say that Neyman Pickard had been at the Cogus Electrical School, before going to California to take a position with a power station in the mountains.

So "you see, Miss Chase, I'm still at home here with old Polyites," says Fred.

Just another example of the far-reach which Poly has.

### NOTICE

The Ladies' Faculty Club will meet in the Home Making Building, Tuesday afternoon, April 24th.

Mrs. Wilder, Mrs. Cunningham, Mrs. Perossi and Mrs. Figue are to be the hostesses.

## EDITORIAL

"CYCLONE SALLY" is to be presented at the Civic Club tonight. Not only should all of the students be present to enjoy what will be a very entertaining evening, but to help out a worthy cause for the net proceeds are to be contributed by the class to a fund for the buying of a grand piano for the stage in the new auditorium.

This brings to mind the great improvements that have taken place in the last few years. In the time of our fathers, a play such as this was a great event. No such degree of co-operation existed then as is common in our schools of today when student plays, student bands, and student orchestras are plentiful. These outside activities all help to make better citizens in a better country.

## REMEMBER MAY DAY

THE May Day Picnic is a school tradition at Poly. This is one day when the students and faculty play together, have contests, and thoroughly enjoy themselves and each other.

The first of May always has been a day to "ditch," so our faculty has declared the day a holiday for their benefit as well as for ours. For six years we have held the annual all-school picnic on May Day. We have never known any one to say they did not have a wonderful time. Picnic day is not a ditch day, but a fun day.

We want all of the new students to understand this, and to come out prepared for a good time.

## STAY OUT FOR TRACK

SOME of the boys who turned out for track evidently think the season is over. Far from it. There are two more track meets this season, the California Coast Conference at Stanford, May 5, and the West Coast Relays at Fresno on Raisin Day.

Those boys who made points in the Cal Poly Invitational meet have really earned their letters, but if they do not stay out the remainder of the season, they will not receive them.

Training is in full swing for the Fresno Meet. Coach Agosti is planning on taking a team of about eight men. Only those who get out and train hard will get to take the trip.

## THE HOME STRETCH

THE following six weeks afford us wonderful opportunities to show just how much we really care for our school. Come on, students. Let us all get behind our school—show up at our games, go to our plays, and have a hundred per cent attendance at our annual May Day Picnic.

Let us show outsiders that we are "up and doing." While we are doing this, however, let us not forget that there are weeks which count in our regular studies. To use Doctor Crandall's phrase, let's make "the home stretch" count.

## GET OUT THOSE OVERALLS

ANOTHER gay tradition is the annual "Barn Dance." 'Tis then that the Ags fix up their premises for receiving the rest of us. Here boys and girls alike come in overalls. This is one of the biggest dances of the year, and the best attended.

## POLY CHATTER

In the Friday, April 5 issue of the Oakland Tribune ran a story of California Poly's monoplane. Accompanying the story was a fine picture of the plane, with Mr. Warren and Mr. Montijo in front. This speaks a good word for the school's achievements and progressiveness.

A similar story appeared in a recent issue of the Marysville Appeal-Democrat.

Miss Chase will go to a meeting of Junior College Deans at Chaffey J. C., on Saturday, April 28. She will represent the J. C. Division in the Junior College Conference. This conference is to talk over present J. C. problems.

Have you seen "The Palm Beach Kid?" No, its not a picture, its just one of our star baseball players, who according to his own testimonials, has the highest batting average this year. If you haven't had a good look at him, hang around the baseball field and you'll get an ear full.

Buicks are being superceded. And how? Why, by Chevies, of course. Mr. Preuss is responsible for the classy tan landau sedan which appeared on the campus right after vacation, and that nifty green one with the brand-new labels which we passed on Palm Drive was driven by no other than Miss Marlen Knox.

We think that the faculty party must have been "some" party, for Mrs. Charlotte Smith has been "knocked out" ever since. She is improving, however, we are very glad to learn.

The Kilt-Kat Klub discussed short stories and ate salad Friday night at the home of Miss Chase and Miss Jordan. Miss Jordan led the discussion which concerned European short stories, and Miss Chase talked about short story form.

The next meeting of the club will be held at the home of Miss Carso on the evening of May 2.

The school has just received a present of four volumes of school records from the State Department. These tell of expenditures and doings of the school in former days, and are a ready testimony of the growing interest in the California Polytechnic. A sample of Poly's past history follows:

August 21, 1913, A. M. Hardie of San Luis Obispo presented the school with a valuable collection of materials.

"Mr. Hardie asked that the collection for the present remain on exhibition at the Chamber of Commerce headquarters, and also stated that it might possibly be in demand for exhibition with the San Luis Obispo County exhibit at the Panama-Pacific Exposition in 1915. Upon motion of Trustee John the Finance Committee ordered that the thanks of the institution be extended to Mr. Hardie in the form of a resolution of thanks to be drafted by the Secretary of the Board."

As usual, the teachers scattered far and wide for their vacations. Dr. and Mrs. Crandall attended the Alumni banquet at Los Angeles. The Montijos likewise went south, and Mrs. Montijo remained there. Mr. Warren "loafed around" the same city, so he says, waiting to get a piston for the plane. While there, he visited various airports. The Cunninghams also visited the Iowa capital, and Miss Jordan came through it on her way home from Bakersfield and the San Joaquin.

To Berkeley went the Misses Knox, Hanson, Gould, Abbott, Carso, the latter visiting also in the San Joaquin Valley.

The Hyers also went to San Francisco to visit. Mr. Hyer also attended a vocational training camp at that place.

The Agostis likewise went north to the home of Mrs. Agosti's parents, Mr. and Mrs. Chaddourne, near San Jose.

Mr. Rathbone spent the vacation on a ranch in Sonoma County.

Miss Kraemer again visited Arkansas, and, because of illness was delayed in getting back.

Mr. P. W. Thompson had one of the most interesting experiences of all for, while visiting relatives at Santa Barbara, he saw Lindbergh take off, and also saw him in his plane.

Most of the rest of the faculty stayed in the vicinity of San Luis, varying the monotony of the absence of the students by trips to the beach, golf, and hard work around the campus. Mr. Peruzzi even taking time trouble to get sick.

Miss Chase did go away for two or three days and Pete Traver wasn't here all of the time either, but we didn't ask them where they went.

## Print Shop Sketches

The old saying, "Those who dance must pay the piper," can be applied to the Printshop, with a slight change. Those who play must distribute 6-point type. This is what happened to Waldo when Mr. Preuss caught him laughing at Bob.

There is no longer any need of walking to school in the rain, Mr. Preuss has a new car. We asked him to give us a ride in it but he said there wasn't enough room. True enough, as there are fourteen of us.

West is getting to be such a sheik that even Jerry is afraid of him. Phil says he is practicing at school for his movie career.

The Printshop is not an airplane factory. Those caught making paper gliders in class will be given an hour at the 6-point.

Mr. Figge is now learning the press. At least he was down working on it Wednesday morning.

Work on the El Rodeo is in full away, nearly all of it having been printed already—all would be except for the fact that the press chose last week for a break-down.

Bobby Wilkins has a hot new tire cover on his car. It reads, O. K. Emma Necks, Cal Poly. It is painted in the school colors, and has a parrot drawn on it also. We are wondering who Emma is, though.

Pimentel and Goularte went up in the bay district before going home for Easter vacation. Pimle was not very well pleased with his vacation, as he missed his lady friend.

Kill the fatted calf, the prodigal has returned. It is only Goularte coming back on Wednesday morning, after a few days in San Francisco.

## Ag Notes

There are many new lambs running around the campus. They are cute little rascals, and we hope that nothing will harm them.

Many of the Ags were busy preparing their bean ground during the latter part of vacation. There is a good chance of a big crop with all the moisture we have now.

The school has been feeding three hundred gallons of buttermilk a day to the hogs and chickens. It is a cheap feed and the hogs are getting very fat on it. The baby chicks are growing rapidly and the hens are also laying more eggs.

The wheat is expected to produce a very good yield for this year has been exceptionally good for wheat, with plenty of moisture coming along at the right time to keep it growing well.

Mr. Rathbone has resigned from Cal Poly's teaching staff to attend the University of California to complete his Masters degree, and get his administration credentials. We wonder how it will feel to be a student again, after being a teacher.

## Barrack Breezes

Raymond Haslam is back again. Of course, we don't know where he went, but that can't be helped.

We are sorry to lose our old friend Carpenter, who has left for Oregon with his parents where he will continue his Ag work on a dairy ranch.

Kenneth Seigler had the misfortune to get run over, but is now up and around again. Just another fellow with a rubber constitution.

The Barracks camping expedition at Morro was surprised Saturday night by Harold Whitesides and John Mitchell, who stayed over night on the Morro sand for a great time.

Burkett is still wondering who filled his bed with sand.

## Aud Notes

Many arguments have arisen over the relative merits of Ford bodies. George Haddon and Armond Barton have traded theirs. Armond's is now a roadster, but wait until he gets it painted up.

While most of the valley boys smelled orange blossoms on their vacations, our two Susanville boys, Younie and Coffer, reported a lot of snow before they returned.

The Warrens spent Easter in the south, getting parts for the plane u visiting relatives.

Mr. Montijo is the Aud's latest boarder. His wife and sons are staying in Long Beach.

Tomas Martel's mother, brother and sister arrived from Mexico and have taken an apartment in town.

## Senior Girls Honored By Formal Tea at Stout

Mrs. John Willard Stout was hostess at her home Tuesday afternoon, March 6, at a formal tea in honor of the Senior girls, with the Amapola Club and Ladies, Faculty Club as guests also.

The affair was one of much formality, being a very dainty affair at which all the guests were attired in lovely afternoon dresses. Decorations were of almond blossoms and sweet peas in pretty pastel shades.

A short program followed the presentation of the Senior girls. A vocal solo was sung by Ethel Ward, followed by a short play, "A Matter of Husbands," presented by Geraldine Cowell and Grace Sterling. The closing number, a vocal solo, was given by Avalyn Schlicht.

Dainty refreshments were served and a social afternoon was enjoyed over the teacup.

## S.A.C. Meeting April 13

The Student Affairs Committee which met April 13th was in charge of Joe Marsalek. Two matters were considered by those present: one of them was the presentation of "Cyclone Sally" by one of the dramatics classes. The chairman was instructed to appoint committees to take care of the advertising, sales and management. The other was the May Day picnic. The following places were mentioned as possibilities for the May Day Picnic: Tassajara Creek, Morro Bay Boat Landing, Atascadero Lake, Arroyo Grande Canyon, McChesney Grove.

A committee consisting of Willard Fairbanks, Earl Williams and Joe Marsalek was appointed to consider these places and to report at the next Student Affairs Committee meeting. As the General Affairs Fund is low, plans for financing the picnic were suggested. A tag day is to be held with tags selling for ten cents each. Those who buy the tags will be entitled to a moderate serving of ice cream although the tag money is supposed to do more than buy the ice cream. It was decided to ask the cafeteria to assist in the matter of providing lunch and the store offered to help out with money for the wienies if not enough was received from other sources. The chairman was asked to appoint committees for the picnic. The report was then given that the inter-class track meet would be held the week beginning April 16th, and the tennis matches would be held here April 21st. The meeting then adjourned.

## Traditional May Day Picnic To Be Held

The annual May Day Picnic will be held May first at a place yet to be specified, but presumably at Atascadero Lake. Due to the fact that the student body funds are rather low now, Coach Agosti suggested that tags be sold. These tags are sold for ten cents. If you want to have dessert with your lunch, you must present your tags. Two tags entitle you to two desserts; no tag, no dessert.

This picnic is a traditional affair and all are expected to attend.

The list of committees to serve is on the bulletin board, a meeting of the committee is to be held at 8:40, April 23.

The following are the committees: General chairman—Joe Marsalek. Transportation—Geo. Isola (chairman), Florence Lee, Willard Stout, Charles Demarest, Rodney Baldwin, George Higgins, Mr. Knott, Mr. Macfarlane.

Lunch—Grace Sterling (chairman), Howard Pendleton, Florence Cubitt, Avalyn Schlicht, Jessie Fleming, Lola Roberts, Mark Sutherland, George Leonard, Raymond Cline, John Goularte, Mervin White, Clark Hutchison, Miss Chase, Miss Abbott, Mr. Dunn.

Games—Storme Wade (chairman), Harold Hogue, May Prewer, Stewart Jones, Leonard Sinclair, Walton Campbell, Herbert Reinert, Eunice Smith, Beatrice Stout, Miss Hanson, Mr. Rider, Mr. Hyer.

Clean up—Ray Bartholomew (chairman), Luis Pina, Edward Isola, Robert Warden, Billie White.

## Work Started On President's Residence

The home of Dr. Crandall will be finished in a short time, as the foundation is started. The man who got the contract for the building is W. J. Smith of San Luis. As he is a fast worker, it will not be long now.

The home is going to be situated on the hill back of the Power House and will over-look the whole campus, various delightful views being obtainable from the many windows.

In addition to this, the new Gym is nearing completion and every body will be glad when it is finished.

## TRASHY TUNES

A. Lima: Say, can you tell me the name of the largest diamond?  
Card Shark: Sure, the ace.

Miss Knox: Does the question puzzle you?  
Grace: No, it's the answer that puzzles me.

Harriet: Have you any invisible hair pets?  
Salesman: Yes, ma'am.  
Harriet: Let me see one.

She: He is what they call a par-socialist, isn't he?  
Her: Yes.  
She: Not a regular Red?  
Her: No, he's what I should call pale pink, and likely to fade at that.

Famous Sayings of Famous People

Hogues: I'm a Bear.  
Grace: Don't do that.  
Art: Let's ditch.  
Lutrow: Shoot a quarter.  
Brick Hughes: Gimme a cig.  
Bob Isola: Gimme half.  
Ed Smith: My Ethyl.  
Pinky: Where is my orange?  
Jerry: Look. Here comes the faculty.

Harriet: Oh! Hazele, my dear.  
Swain: Want to read my book?  
Joe Lewis: To the show for me, my.

W. Stout: I know, teacher.

S. Wade: I'm Major now.

K. Graves: Buy me some gas.

Prof: Young man, do you realize that we are near the end of the last half and you are far behind?

Ex-quarterback: Yes, sir.

Prof: Well, what are you going to do about it?

Ex-quarterback: Pass.

"I can afford to look at the best," said the shopper.

"How fortunate," interrupted her friend.

"When I'm just looking," continued the other.

Prosh (just after the first shave):

Barber: A dollar and a half.

Prosh: What? How's that?

Barber: I had to hunt for the beard.

A Poly Freshman is as impossible to disguise as a Poly Ford.

San Luis Obispo, California.

My Dearest Sweetheart Harriet:

This is the last time you will ever hear from me. I am going away to China in the unknown desert. I will be away until I come back again and I don't care if I ever come back.

How is ma and dad and I don't care if they do feel hurt about this thing.

You want to you can send a cake to New York and I can get it there. Tell my brother he can marry you in three years because you won't be good looking then anyway.

You can take care of my cat and dog but don't let them sleep together because they don't sleep well.

You can leave my millions to Grandpa because he will live longer than all of you anyway.

Don't cry over this letter because you will get a cold in the eye and will not be able to see out of it.

Tell Grandma not to worry over me because her hair might turn gray.

You can sell my car if you can find anybody that will use it to carry ashes.

You had better burn my clothes because they are full of fleas anyway and badbugs too.

Your loving sweetheart,

Gordon Hazlehurst.

P.S.—Ashes to ashes, dust to dust, my dearest Sweetheart I hope you don't rust.

Menu: Lettuce

Like a Date

With a Peach

or better, with a Pear,

then if one proves a Lemon

the other may be just the Berries for this poor Nut.

May Prewer: Have times changed much?

Robert Wilkins: Yes, but not as much as my change has changed hands.

Mr. Thompson: Start a sentence with the word this.

Oganessoff: This for the guy that was in the jaw.

She: Have you any brothers?

He: Three. Two are living and the other got married.

We had spring chicken at the cafeteria Sunday and we've been chewing on the springs ever since.

Hugh Sweeney: Gee, me eye's sore.  
Ed LePine: Oh, no you're an eye sore.

Grace: We gave Mrs. Fuller a shower the other day.  
Brick: What! Can't she take a bath by herself?

Hogues: Say, Grace, what do you come to school for?  
Burum (overhearing): Oh, to eat her lunch.

Miss Carse: Harold, you may see me some night—  
H. Hogues: Yes, ma'am, thank you Where'll we go?

Duffen: I've never been in Yale.  
Pinky: No, but you will be if you don't change your ways.

Harriet: What's the difference between a piano and a bee hive?  
Ellen Margaret: I don't know, tell me.

Harriet: A piano lets out notes and a bank takes in notes.  
Ellen Margaret: But what about the bee hive?

Harriet: Why! That's where you get stung.

Miss Abbott: What is a lake?  
Ciro: A lake is a pile of water to keep the boats off land.

Poly Ann Sez —

That there's so much happening around here lately that she doesn't know what to tell her friends about first. Glenn-Mont has sure been flying high this week, she said she saw it way up there like a silver bird and the high school kids nearly broke their necks looking at it. She said she went to the party out to Mr. Preuss' too, with the Galley Slaves and she certainly found out why they were called the "Peppiest Klub on the Kampus." Poly, can you imagine, two blow-outs in one night. Yes sir, the Press Club banquet then we'll all hi ourselves over to the barn dance. Won't we be a sight in our sombreros and bandanas. Cal Poly! It's time to get out your dimes for a tag too, for the May Day Picnic. Oh, they're heaps of fun. She says, she wishes they'd keep it up, having all these wonderful times. If they did she might consider staying here all summer.

### Wednesday Assembly Held on Back Lawn

Wednesday noon, April 11, there was held an assembly on the lawn. The reason for the assembly to be held there was because all there was to be had was student announcements and also faculty announcements.

The most interesting thing was the announcement Captain Deuel made about the Citizens Military Training Camps which is of great interest to all the boys.

The May Day picnic was announced and was well accepted by the boys and also the girls, as this is the day all the students get together.

It closed about five minutes to twelve.

### POLY CRACKERS

Dear Poly Crackers:  
I've tried to keep order among the boys, but they do just what I tell them not to do. What shall I do?  
Storme Wade.

Dear Storme:  
Why don't you try giving orders that you don't mean. Don't you know by this time that no one likes a boss? Try that a while and let me know how you come out.

Poly Crackers.

Dear Poly Crackers:  
Why do they call the plane the aeronautics - boys made a "mail plane?"

Pinky Green.

Dear Pinky:  
Because it is named for "males" instead of "females," as usual.

Poly Crackers.

Dear Poly Crackers:  
We wonder if there will be room in "Daddums" new car for us?  
Hopefully,  
Weary Willie.

Dear Willie:  
There is only as much room in a car as the owner wants it to have. You'd better get on the good side of him, if you are very "weary."

Poly Crackers.

Dear Poly Crackers:  
How can I make myself study? I always want to go to the show or skating, when I should stay in and study.

Billy Swain.

Dear Billy:  
Flip a coin. Heads you go to the show, tails you go skating, and if it stands on end, you study. Give it a fair chance.

Poly Crackers.

Dear Poly Crackers:  
I hear that there is only one thing that you don't need to start at the bottom and come up. What is it?  
Marvin.

Dear Marvin:  
Swimming.

Poly Crackers.

### ytraP keuL daB

The faculty had the hoodpos last Friday evening, or rather the Who Dooos had them.

"The Who Dooos cordially invite you to attend a "ytraP keuL daB" at the Civic Auditorium on Friday evening, April 13, 1928, at eight o'clock. Bring a rabbit's foot for protection. Ool Ool Oo!"

So read the invitation printed in the Printshop and, sent out by the Who Dooos who claim that their name really means "those who do" rather than Hoo Doo.

Decorations, entertainment, certain costumes, and the general spirit of the affair maintained the Hoo Doo spirit, however.

The "Who Dooos" were Mrs. H. G. Warren, Mrs. Merritt B. Smith, Mrs. B. R. Preuss, Mrs. G. Montijo, Mrs. J. O. Ball, Mrs. Lynn Broughton, Miss Elsie Haskin, Miss Margaret Hansen, Miss Dagmar Gould, and Miss Stella Carse.

### Owls Find Tight Home In Stovepipe of Home Making Building

"Bats in the Belfry?" says Mrs. Knott.

"No, owls."  
Mrs. Knott, upon returning to the institution after the spring vacation noted that there were certain peculiar sounds issuing from the stovepipe of the kitchen of the Domestic-Science department, upon which she went to the office to get Mr. Thompson to investigate the matter. Paul DeWitt, Homemaking janitor also officiated at the ceremonies, and Einar Anholm, the institution's truck driver, performed the noble act of tearing down the stovepipe, exposing three owls. Two proved to be absolutely dead, but the third one was very much alive, and it was this one that had caused the disturbing noises. This owl had a wing-spread of fully three feet.

Further investigations will be made to determine whether or not there is an owl's nest in the chimney. The question is how did the owls get in the stovepipes. We wonder if Mrs. Knott heard the owl say "Whoooo?"

Pilot (to test-pilot after a narrow escape in a pursuit ship): The Lord sure was with you that time.

Test-pilot: Oh, no, my dear fellow; single seater.

Wilma: What makes you so sure you're not a fool?

Hogues: Because I wasn't born every minute.

# Cal Poly Sports

## Welsher Winner of Single Handball Tournament

Bud Welsher, a week before the commencement of Easter vacation, played two games at noon-time, completed the prize of a final decision of state handball championship. Bud Welsher's score against Clink was 11 to 6, favor of Welsher.

The great enthusiastic crowd and Captain Denei evidenced considerable interest during the contests and applauded frequently plays on both sides.

The Welsher-Clink match, which was the chief attraction, was a walk-away for Welsher, who was greatly superior to Clink from every standpoint. Welsher's left hand pick-ups to the lower board were often untouchable. Clink worked hard and waged a game battle with some brilliant work.

There will be inter-class double handball tournaments started with the latter part of this month. Every president of each class ought to arrange the players so as to make about 16 pairs at least.

## Poly Defeats Lompoc

Poly defeated Lompoc 19 to 4 Thursday afternoon, April 12, in a slug fest in which the little white sphere was massaged most cruelly, but mostly by Poly.

"Maw" Pimentel pitched a very good game, as can readily be seen by the score. Joe Tiedrow went on the mound in the seventh frame. His speed seemed to scare the Lompoc willow welders as they were not able to connect with his fast ones. Tiedrow had plenty of speed but was a trifle wild.

The regular line up left for supper and the second string stepped in to furnish Lompoc some competition. Hazlehurst did not go in the game. Coach Rider saving him for the Santa Barbara game the next day.

Six doubles and two triples were made in the game, and also a good number of singles. In the first game with Lompoc, Poly won 19 to 2.

The starting lineup: Pimentel, 1B; Canet, CF; Carter, RF; Hogue, 3B; Montano, 2B; Isola, C; Hadlock, SS; Burum, LF; Young, P.

## Spring Training Starts in May

Coach Agosti will issue a call for football recruits the seventh of May to take up spring training. The Notre Dame shift is going to be brought into use again by Poly, and is expected to add to the effectiveness of the team. The huddle system also will be abolished and a quarterback will call signals.

The Coach is also making plans for the fall training camp and expects aid from the football men if he is to make a success of it. Talk it up here at school and sign up for it. Further information will be given in future Polygrams.

## West Coast Relays

On April 25, the West Coast Relays will take place at Fresno. This date is set aside as Raisin day, and an enormous crowd is expected.

Three classes will be represented there. The A, B, and C, or Colleges and Universities and Clubs, Junior Colleges, and High Schools. A few of Poly's best will make the trip and are expected to bring back a favorable report.

## San Mateo Baseball

A game is being arranged with the San Mateo J. C. to be played the Friday before the Junior College Conference track meet at Stanford. The players will also attend the track meet and give strong support to the track team.

## Band and Orchestra Form Music Club

A club for the furthering of music interests was formed by the members of the band, orchestra, and sax band on Tuesday evening, April 11. Mr. Merritt B. Smith took charge of the meeting, and asked the boys for suggestions in regard to the bettering of these organizations and in putting them before the public eye.

Election of officers was held. Ernest Lasalle was elected president; Raymond Craig, vice-president-advertising manager; and Florence Lee, treasurer. The officers are for the club.

Only members of the band, orchestra, and sax band are eligible for membership.

## Hardhitting Mustang Crew Leads For Six Innings

Opening up the game with a barrage of hits that netted them three runs in first inning, the Cal Poly baseball team lost to Santa Barbara State Teachers College by the close score of 7-5, Friday, April 13. Poly kept the lead up to the seventh inning, when the Roadrunners tied the score in the seventh and put over the winning tallies in the last frame. The two teams were very evenly matched, but some costly errors in the last inning by Poly gave the game to Santa Barbara.

Hazlehurst pitched a steady game on the mound; the Santa Barbara moundman also hurled good ball. Only one substitution was made, Young pinch-hitting for Burum in the last inning.

The lineup: Pimentel, 1B; Canet, CF; Hazlehurst, P; Carter, RF; Hogue, 3B; Montano, 2B; Isola, C; Hadlock, SS; Burum, LF.

## Cy Meets a Track Meet

As I war drivin hum to Maw  
Aut Poly-tech-a-nickle way  
I seed the derndest sight, by John,  
It nigh skeered me right straight away.

I saw some fellers in pea-jammers  
With numbers on their backs  
Also, some guys in P-D-Q's—  
The shoes they wore made holv tracks.

I hearn a shot an then a shout  
All followed by a cheer,  
An saw erbout a dozen fellers  
Bein' chased by a guy with a spear,  
But when he saw he cuddin't catch em,  
He slung it as hard as he could.

An' I got so dinged excited,  
I swallered my terbaccy cud  
The spear lit by a brawny brute  
That held an iron ball;

He danced erbout there on one foot,  
I couldn't figger him out at all;  
He jumped in the air and let it go—  
What cud I dew but wait?

Just then I seed who he had thrun it at,  
Twas a hansom villun with an iron plate.

"By Hokey," I sez, sez I,  
As I watchut those fellers play,  
"What in San Hill Kink of a dingus  
Is this nakid fray?"

Just then my little nephew  
Clumbed into the front seat,  
And sez, "Why, uncle Cyrus Smith,  
This hyar is a gran' track meet.

Now any guy with sence at all  
Can see that a round track meets.  
But summin' up the jamboree in all,  
I think it's just toot sweet."

"M-M Ptw. Go erlong there Dobbin,  
We'd better feed hum to Maw.  
Cause I gottter feed the chickens,  
And give the ole cow straw."

But, just the same, I'm tellin' you,  
When little Edd grows up,  
I'm goin' to have him goin' to school  
And doin' this athletic stuff,  
M-M Ptw, Tat, tat, tat!" —A. Bear.

## Poly Wins From High

In a very tight game Tuesday after school, Poly won from the High School 6-5. The High School played very good ball, scoring two runs before Poly got started, but luck was against them and three double plays cut off their chances for a win in the game. The High School displayed a good spirit and another game is looked forward to with them.

## Baseball E Jackulation!

John Pimentel—Oh, my batting average!  
H. Hogue—My Kingdom for a home run!

George Isola—What, nothing to chew?  
Hazlehurst—I hope there are lots of blondes there.

Carter—Oh, my broken bat!  
Bull Montano—I need a horse for that one.

Hadlock—Ow, it always hits rock.  
Canet—Well, well, my mistake.  
Burum—Now, I'm in dutch.

## Santa Maria Beats Cal Poly In Tennis

The Santa Maria J. C. and High School combination won all but the doubles from Cal Poly in a six match meet at Santa Maria. Pete Funk and Billy Swain won the doubles, scoring the only points for Poly.

First singles: D. Jones, S. J. J. C. defeated Funk, P, 7-5; 6-2.

Second singles: G. Jones, S. M. J. C. defeated Swain, P, 7-6; 6-4.

Third singles: Shoop, S. M. H. S. defeated Brown, P, 6-3; 6-2.

Fourth singles: Smith, S. M. H. S. defeated Twisselmann, P, 6-1; 6-1.

First doubles: Swain and Funk, P, defeated G. Jones, S. M. J. C. and Gln, S. M. H. S. 6-2; 3-6; 6-0.

Second doubles: Smith and Shoop, S. M. H. S. defeated Brown and Stage, P, 6-3; 6-2.

## Camp—Camp—Camp Without the Marching

With the full sanction and aid of Dr. Crandall, plans are being made for a football training camp next fall before the school season. The expense money has not as yet been raised, but the proposed camp may be established with only a little personal cost to the individual.

The site for the camp has not as yet been selected, but it will probably be in this vicinity in a suitable place for football grounds and will probably be in a place where a good time can be had in connection with the hard work. But, if we have it, we must have at least twenty members, so work up enthusiasm and get signed up for the camp.

## Golf Gets Under Way

In the past month there have been quite a few students from Cal Poly knocking the little white pill around the city course on the outskirts of town. During the Easter Holidays, the only ones who were able to take part in this free exercise, were those who stayed in town and, during the first part of vacation there was quite a bit of rain which prevented many of these local amateurs from the game.

Many of the students brought back with them their golf sets but as the month is up they are out of luck, as the only way that they can get on the course is to pay 75 cents.

The ones who were out playing were: Everett Johnson, Ernest Lasalle, Kenneth Green, Earl Roberts, John White, and Grace Sterling.

## Cosmopolitan Club

(A La Baseball.)

Catcher: Isola, Italian, with Scotch tastes.  
Pitcher: Hazlehurst, English, but he's all Wright.

1st Base: Pimentel, Portuguese, with a darky muledriver's vocabulary.  
2nd Base: Montano, Spanish, with a Chinese Stature.

3rd Base: Hogue, French Indian, with a Scotch disposition.  
Shortstop: Hadlock, English, with a failing for highballs.

Left Field: Burum, Dutch, with a Vetter disposition.  
Center Field: Canet, Swiss, with an Irish temper.

Right Field: Carter, English, with a longing for Spanish names, i. e. San Jose.

Baseball Critic: Green, Yiddish.

Practice is being started this week for the Junior Olympic game to be held May 15 at L. A. for the youngsters of the school under 16 years.

Dad Hotchkiss and Pop McBan are expected to coach the boys in the sprints while Johnson will coach the boys in the basketball throw.

Pilot, to mechanic, after climbing out of wrecked plane: Isn't that a shame? I broke my wrist watch.

Mechanic: That's nothing, I can't find my cap.

## Poly-Y in Conference At Paso Robles Over Week-end of 13-15

An interesting and instructive Hi Y conference was held at Paso Robles High School on Saturday and Sunday, April 14th and 15th. Hi Y Clubs from Santa Barbara, Santa Ynez, Cambrila, Santa Maria, Arroyo Grande, San Luis Obispo and Cal Poly were present. Delegates from Santa Monica and Venice attended also. This was the sixth annual Central Coast Older Boy's Conference; the theme was, "The Quest."

Program: Poly Y was well represented. Willard Fairbanks spoke on, "In World Relations," and Earl Williams was to have spoken on "Service on the Job". Earl was unable to attend so Vinton Webster appeared for him.

A number of peppy yells were given by the Poly Y.

At the assembly Wednesday, April 18th, Mark Sutherland gave a brief review of some of the most interesting talks given at the conference.

Howard Pendleton gave a well directed talk to the students. It follows in part:

"Life may be compared to a train leaving San Luis Obispo. It starts out on its journey slowly, then, as it gains momentum, struggles up the Cuesta Grade, through tunnels and then more tunnels. After the tunnels are passed it goes through many ups and downs until the grade is passed. Then it goes on and on to its destination.

Life is very much like this train. Life starts out slowly as a little child, then up the grade and through the tunnels that are the dark spots in life. After many ups and downs the grade is passed and the soul goes forth seeking its destination. Unlike the train, however, life's destination should not be on the earth but far far above.

Niagara Falls can be compared to a man's soul. These great falls turn huge turbines which generate electric power bringing light into people's homes far away. The soul in the body of a man who undertakes to help his fellow beings also gives light, it brings light into the lives of the persons whom he helps.

You, who are helping uplift the girls in your environment, are doing a service to the boys in another community who are helping to preserve the clean soul of your future wife. This can be aptly illustrated by the following poem:

To every man there openeth  
A way, and ways, and a way,  
And the high soul climbs the highway,  
And the low soul gropes the low;  
While in between on the misty flats  
The rest drift to and fro;  
But to every man there openeth  
A highway and a low,  
And every man decideth  
The way his soul shall go.

—Oxenham.  
"This brings to mind the little boy standing before the picture of Christ offering to finish the services that He did not complete."

## Nuts And Bolts

All the electrical classes under the direction of Mr. Hyer are now busy wiring the new electrical building. The work of installing the new machinery and wiring the switch boards is expected to last the rest of the semester and will give the boys some training that they can get in no other way.

On Thursday, April 12, the Gas and Steam Power class visited the Round House of the Southern Pacific Company and inspected the steam engines. They also witnessed the changing of a locomotive tire. This Thursday the boys went to Santa Maria to look over the oil and gas engines of the Santa Maria Gas Company. These trips are enjoyed by all the boys and give them a chance to see the things they study about in operation.
